Please replace the paragraph on page 14, starting on line 11 and ending on line 16 with the following paragraph:

Referring specifically to Fig. 6, a pair of decoupling capacitors 60 are mounted to the first surface 42 of the intermediate substrate 40. The thickness dimension (a) of the decoupling capacitors 60 is accommodated in a space defined by a thickness dimension (c) of the first semiconductor die 20. The pair of decoupling capacitors 60 are mounted to the first surface 42 of the intermediate substrate 40. The first semiconductor die 20 is positioned between the pair of decoupling capacitors 60 relative to the first surface 42 of the intermediate substrate 40.
